## Property Saint-Rémy-de-Provence

STYLES presents you with an exceptional property in a dream setting. Set in a prestigious landscape at the heart of the Alpilles Regional Natural Park, where cypress trees sway in the breeze and sun-warmed stones tell centuries of stories, this authentic estate stands as a silent witness since the 17th century. This place, rich in history and authenticity, embodies Provençal elegance in its purest form. Enhanced by an extraordinary renovation, this characterful Mas of approximately 1,300 m² of living space has regained its former glory while embracing modern comfort and refinement. Here, vaulted ceilings, stone floors, large bay windows, and premium materials create a perfect harmony between heritage and contemporary living. The Mas is surrounded by over 7.5 hectares of enchanting landscape, where nature seems sculpted with passion: nearly 4 hectares of AOP olive trees (three varieties totaling 1,400 trees), a century-old plane tree, a natural spring, fig trees bearing generous fruit... A living, vibrant setting infused with the Provençal spirit. Maussane-les-Alpilles, a charming village neighboring Saint-Rémy-de-Provence, Eygalières, and Les Baux-de-Provence, is one of the jewels of this region. Life here flows to the rhythm of colorful markets, traditional festivals, pétanque games under the plane trees, and summer days serenaded by the song of cicadas. The lifestyle here is a daily celebration: of taste, the land, human

suspend time, to let yourself be wrapped in the warmth of the South and the beauty of the surroundings. This property, with its pure charm, is more than just a real estate investment. It is a fragment of Provençal history, a lifestyle in itself, an unmatched sensory experience to cherish or pass on. Undoubtedly one of the rarest and most sought-after addresses in the Alpilles, where nature, authenticity, and luxury come together gracefully.
