House 3984 Uzès

In a peaceful setting, this property enjoys direct access to the village exit, cross-country trails, and hiking trails, bordering a superb natural area. Work is currently being completed, with completion expected in early July. This charming single-story house of 80 m² with stone cladding and a choice of contemporary materials, is built on a building and serviced plot of 1150 m² with its swimming pool and its 40 m² terrace clad in wood. The living room, equipped with large sliding bay windows overlooking the swimming pool for a truly accomplished indoor-outdoor effect, accommodates a very beautiful, fully equipped kitchen opening onto the living room, while a master suite with dressing room and bathroom extends the spectacle. A second bedroom also with its own terrace and a shower room and a laundry room housing the thermodynamic tank complete the visit of this property to which it is entirely possible to add a floor. Photovoltaic panels, ducted air conditioning, fitted wardrobes in the second bedroom and in the entrance hall, double-glazed aluminum frames. A property particularly suitable not only for a second home, but also for a main residence which can be occupied by a couple with a child. Some photos are not contractually binding.
