Built in 2007, this exceptional property features a living space of 160 m² with a large 70 m² living room with a wood-burning stove insert, a fitted open kitchen, a master suite with a shower room, and toilets. Upstairs, a large bedroom with a bathroom, access to a 20 m² terrace, plus another bedroom. On the garden level, there is the potential to create a large 160 m² apartment or two apartments. Outside features include a pool, terrace, summer kitchen, 12 century-old olive trees, citrus trees, and a large avocado tree. Heating is provided by a heat pump. The highlight of this house: double-glazed sliding glass doors with electric rolling shutters. A spring is located on the property. Very sunny. A great opportunity.
