House 3786 Lorgues

LORGUES In the heart of a characterful village, this dual-aspect house combines old-world charm with high-quality renovation. Spread over several levels, it offers generous volumes and numerous development possibilities. In the ground floor, you'll find a small garage/shed and a workshop perfect for a professional project or a creative artist. A beautiful stone vaulted cellar is located in the basement, ideal for storing or preserving wine. The first floor houses a fully equipped kitchen, opening onto a small loggia. There is also a pantry and a welcoming dining room, perfect for your family and guests. In the upper floor, two bedrooms offer a comfortable sleeping area, accompanied by a modern shower room with WC. The top floor houses two additional bedrooms, including a large, bright bedroom, ideal as a master suite. A second shower room with WC completes this floor, as so does a storage space on the landing. This cozy home will charm you with its well-appointed premises and peaceful setting. It's ideal for a family, a secondary home, or a rental property.
