House 596s Saint-Rémy-de-Provence

Ideally located property in the heart of Saint-Rémy-de-Provence, set back to provide a peaceful environment while being just steps from local shops. Combining both convenience and tranquility, it also offers a garden of over 1000m², parking spaces, and a single-story layout—something rarely found in the town center. This single-level home impresses with its generous spaces and high ceilings in the living area of more than 90m², providing both room and natural light. An open-plan kitchen fully fitted, a large fitted utility room, four suites (each with its own bathroom and dressing room), and a laundry room. The polished concrete floors, paired with exposed beams, add a contemporary and inviting touch. The house is fully equipped with ducted central heating and aluminum double-glazed windows, ensuring comfort and energy efficiency. The enclosed garden offers enhanced privacy and is fully landscaped for a neat outdoor setting. It features a heated 9 x 4 m swimming pool with a rolling cover. There are several terraces, including a shaded one facing north, and one adjacent to the suite... If needed, there is still potential for additional buildable area (Zone at 30%)
