House 565245 Saint-Rémy-de-Provence

In Saint-Rémy-de-Provence, within walking distance of the town center and close to the majestic Alpilles, this mas project offers a unique opportunity to realize a beautiful contemporary home in an exceptional setting. On a plot of approximately 1000 m², the foundations and ground floor are already built, allowing for a construction timeline that is significantly shortened. The approved building permit plans for a residence of about 300 m² spread over two levels, with a swimming pool, providing generous living spaces and modern comfort perfectly in tune with the Provençal spirit. This permit can be modified to suit your desires and needs, giving you the freedom to tailor the project to your lifestyle. The location, quiet and sought-after, combines immediate proximity to the center, shops, and schools. A rare opportunity in Saint-Rémy, ideal for a main home or a custom vacation house.
