Townhouse 3515 Uzès

In the centre of Uzès, in a charming quiet street, this house to renovate has a charming little garden and a double garage! The living space is composed of 3 beautiful rooms in a row up to the courtyard (lounge - dining room - kitchen). On the first floor, 2 bedrooms (possibility of converting another room into a 3rd bedroom) and above, 2 attics with high ceilings and windows that could become 2 beautiful suites. An increasingly rare opportunity in the town centre.
