House 4024 Uzès

This large 17th-century village house located less than 10 km from Uzès, largely restored, consists of three spaces or apartments that can be completely independent or combined into a single residence. Stone, beams, and vaults, along with original built-in cupboards, add to the charm of this property, which boasts a courtyard of 120 m² as well as a plot of 90 m² where installing a swimming pool is entirely feasible. The fully renovated ground floor and first level, along with the old keep and its spacious rooms—one of which remains available for you to develop as a fully independent dwelling—are the key features of this unique property, not to mention the upper floor with its pleasant balcony-terrace offering a view. With no fewer than four bedrooms in total, this property is ideal for guest rooms or holiday rentals, or even for bringing together a large family.
