House 3790 Montpellier

Located in a dynamic community to the north of Montpellier, this unique development of more than 175 m² is set in a plot of more than 1,500 m². The ground floor features a double living room opening onto the outside via a bay window that brings in light and light, then an office - which could easily be converted into an en suite (water supply and drains already present) - and a large open-plan fitted kitchen. Upstairs are three bedrooms, each with its own dressing room, and a bathroom with shower, bath and toilet. A suite completes this level (bedroom with dressing room, shower room). Built in 2012, the house was refurbished in 2023 to bring it up to date. The English-style garden is home to a variety of vegetation, giving the impression of living in the countryside in a romantic setting. A property that will not leave you indifferent, located less than 15 minutes from Montpellier. There is also a two-car garage, plenty of parking and air conditioning. Ideal for a family, visit without delay.
