House 566 Saint-Rémy-de-Provence

In one of the most sought-after neighborhoods in the center of Saint-Rémy-de-Provence, just steps from the shops yet perfectly peaceful on a street lined with gardens, discover this rare property with a typically Provençal charm. This real estate complex includes a main house from the 1930s, full of character, as well as two independent dwellings, offering multiple possibilities for layout: a family home, a second residence with guest areas, or a high-end vacation rental project. The main house opens onto the living room and a separate kitchen overlooking the landscaped garden. Upstairs, two bedrooms, a bathroom, and an office complete the space. The garden, enclosed by stone walls and adorned with tall trees, is a true green oasis right in the city center. It features a beautiful swimming pool, several relaxation areas, and space to park multiple vehicles. The two outbuildings include: a single-story mazet, perfect for hosting family or friends, and a two-story guest house, offering complete independence. A unique property in Saint-Rémy-de-Provence, combining authenticity, tranquility, and elegance, right in the heart of the village. A discreet address where you can fully enjoy the Provençal way of life.
