Property 4034 Saint-Rémy-de-Provence

STYLES private collection presents a unique estate in the heart of the unspoiled Alpilles landscape. A discreetly restored old farmhouse stands among olive trees, vineyards, and truffle trees, creating an almost unreal setting of gentle beauty. The property extends over a single plot, featuring an organically farmed olive grove and outdoor spaces where nature seems to have found its perfect balance. The refined and bright rooms open onto gardens and rose bushes, while the peaceful swimming pools blend into the landscape, hidden from view. With 500 m² of buildings, calm and authenticity, the property still offers rare potential for those who wish to breathe new life into it. Secluded without being isolated, protected without being frozen in time, this estate is one of those that can be discovered with confidence, far from prying eyes. Details will be shared only upon request, in order to preserve the uniqueness of this exceptional address.
