House 4021 Saint-Rémy-de-Provence

STYLED Private Collection offers you a Provençal farmhouse in Saint-Rémy-de-Provence, a rare gem with origins dating back to the 19th century. Just outside the town, nestled in the countryside, lies an authentic farmhouse waiting to be elevated. Here, everything breathes Provence: the golden light gently touching the stones, the magnificent park of nearly 15,000 m² shaded by a majestic century-old plane tree, and the promise of long summer days by the pool. With 212 m² of living space, this home with raw charm paves the way for an exceptional project: crafting a unique setting that blends Provençal heritage with modern influences. Its generous proportions and untouched soul offer a blank canvas to write a new story. The expansive, preserved garden already presents itself as a living sanctuary: a future orchard, entertaining areas, or a peaceful meditation retreat. Every corner suggests a new perspective, giving this place infinite potential. This farmhouse is more than just a property to renovate. It is a vision, a life project, an invitation to create a unique place where the poetry of Provence meets your dreams. A future masterpiece in the making, in one of the most sought-after villages of the Alpilles. Contact us for more information.
